Summary

Senior Software Developer with a deep passion for programming and technology and having more than 4 years of professional experience. Have solid foundation in AWS, Python, Django, PostgreSQL, JavaScript and React. Experienced in end-to-end project development, infrastructure setup and CI/CD pipelines. Additionally, I have experimented with Android development using Flutter and Dart.

Skills:

1. Programming Languages: Python, JavaScript, Dart (basic)
2. Web Technologies: Django, React.js, Flutter (basic), HTML, CSS
3. Databases: PostgreSQL, AWS RDS
4. AWS Services: EC2, S3, Lambda, RDS, IAM
5. Version Control: Git, GitHub
6. CI/CD: AWS CodePipeline, Github Actions (basic)

Professional Summary:

1. Extensive expertise in AWS cloud services, including EC2, S3, Lambda, and RDS, for scalable and reliable infrastructure.
2. Proficient in backend development with Python and Django, focusing on performance and scalability.
3. Skilled in frontend development using JavaScript and React.js.
4. Strong knowledge of database design, optimization, and management with PostgreSQL.
5. Familiarity with Flutter and Dart, with a growing interest in Android app development.
6. Proven experience in end-to-end project development, from concept to deployment and maintenance.
7. Proficient in setting up CI/CD pipelines to automate software delivery and enhance development workflows.
8. A dedicated learner, keeping up with industry trends and best practices to stay ahead in the ever-evolving tech landscape

Work Experience

- **Senior Python Developer**

Leanpitch technologies, Remote/Bangalore – Oct 2021 - Present

- a. Led the architecture and implementation of a robust AWS-based infrastructure, resulting in 99.9% uptime.
- b. Developed highly performant RESTful APIs using Python and Django, supporting critical business operations.
- c. Collaborated closely with frontend teams to design and implement responsive and user-friendly interfaces using React.js.
- d. Designed and optimized database schemas in PostgreSQL, enhancing data retrieval and system reliability.

- e. Implemented CI/CD pipelines, reducing deployment time and improving overall software quality.
- f. Acted as a mentor to junior developers, conducting code reviews and promoting coding best practices.

- **Software Engineer (SRE)**

Soroco India Private Ltd., Bangalore – Aug 2019 - July 2021

- a. Contributed to the end-to-end development of web applications, utilizing Python, Django, JavaScript, and React.js.
- b. Design, Develop and deployment of multiple automation systems.
- c. Collaborated with cross-functional teams to gather and refine project requirements, ensuring alignment with business objectives.
- d. Implementation of monitoring dashboards and cloudwatch setups
- e. Actively participated in Agile ceremonies, including sprint planning, stand-up meetings, and retrospective sessions.

Education

Bachelor's Degree in Computer Science and Engineering

2013 - 2017 at Global Academy of Technology in Bangalore

Personal Information:

Date of Birth : 11th Dec 1995

Languages Known: Kannada, Hindi, English

Hobbies : Playing Cricket and Chess, Listening Music, Coding

Certifications:

[Python Advanced](#)

[Writing testable code](#)

[Virtualization for beginners](#)
